

**Sunday, March 22, 2015**

	Hall 5/Exhibition	Hall 2	Nikolai N. Anitschkow Hall	Michael Davies Hall	Michael Oliver Hall	Hugh Sinclair Hall
10:00-11:30					<b>EBAC Accredited Educational Programme : FH Studies Collaboration</b>	
11:30-12:00	<i>Break</i>					
12:00-13:30				<b>EBAC Accredited Educational Programme Hypolipidaemic therapy: past, present and future</b>		
13:30-14:00	<i>Break</i>					
14:00-15:30				<b>EBAC Accredited Educational Programme New aspects of imaging, lipoproteins and lipid targets in cardiovascular prevention</b>	<b>Educational Symposium Supported Session Not included in the CME/CPD programme</b>	
15:30-16:00	<i>Coffee Break</i>					
16:00-17:30				<b>Educational Symposium Supported Session Not included in the CME/CPD programme</b>		
17:30-18:00	<i>Break</i>					
18:00-19:45			<b>Opening Ceremony, including the Anitschkow Lecture</b>			
19:45-20:45	<b>Welcome Reception</b>					

Monday, March 23, 2015						
	Hall 5/Exhibition	Hall 2	Nikolai N. Anitschkow Hall	Michael Davies Hall	Michael Oliver Hall	Hugh Sinclair Hall
08:30-10:30			<b>Plenary 1</b> A new look at the vascular wall			
10:30-11:00	<i>Coffee Break, Exhibition and Poster Viewing</i>					
11:00-12:30			<b>Workshop 3.1</b> Genes as risk factors for CVD	<b>11:00-11:45</b> <b>Advanced Clinical Seminar 1</b> Novel strategies in lipid lowering and anti-atherosclerosis interventions  <b>11:45-12:30</b> <b>Advanced Clinical Seminar 2</b> Imaging atherosclerosis- diagnostic and prognostic uses	<b>Workshop 1.1</b> Stem cells, cell senescence and vascular disease	<b>Workshop 2.1</b> Novel regulatory mechanisms in lipid transport
	<i>Lunch Break, Exhibition and Poster Viewing</i>					
12:30-15:00	<b>13:00-14:00</b> Moderated Poster Session A  <b>14:00-15:00</b> Moderated Poster Session B	<b>12:30-15:00</b> Poster Viewing	<b>13:00 - 14:30</b> Educational Symposium Supported Session Not included in the CME/CPD programme	<b>13:00 - 14:30</b> Educational Symposium Supported Session Not included in the CME/CPD programme	<b>13:00-13:45</b> Special Lecture Supported Session Not included in the CME/CPD programme	<b>12:30-13:00</b> EAS General Assembly (Members Only)
					<b>14:00-14:45</b> Special Lecture Supported Session Not included in the CME/CPD programme	<b>14:00-14:45</b> Special Lecture Supported Session Not included in the CME/CPD programme
15:00-16:30			Joint EAS-ESC Symposium	<b>Workshop 1.2</b> Epigenetics and non-coding RNA in vascular biology	<b>Workshop</b> Clinical & Late Breaking Session	<b>Workshop 3.2</b> Micronutrients and vitamins in population CVD health
16:30-17:00	<i>Coffee Break, Exhibition and Poster Viewing</i>					
17:00-18:30			Free Communication - Basic Science	Lipid Storage & Diabetes Young Investigator Communication 1	Endothelial Cells and Platelet Biology Young Investigator Communication 2	Immunology Young Investigator Communication 3
18:30-19:15						<b>18:30-19:15</b> Special Lecture Supported Session Not included in the CME/CPD programme

**Tuesday, March 24, 2015**

	Hall 5/ Exhibition	Hall 2	Nikolai N. Anitschkow Hall	Michael Davies Hall	Michael Oliver Hall	Hugh Sinclair Hall
08:30-10:30			<b>Plenary 2</b> Novel insights into the regulation of lipid and lipoprotein metabolism			
10:30-11:00	<i>Coffee Break, Exhibition and Poster Viewing</i>					
11:00-12:30			<b>Workshop 3.3</b> CVD prediction and novel biomarkers	<b>EAS - ICCR Joint Workshop</b> Changing Lifestyle Patterns: Challenge for Cardiovascular Prevention	<b>Workshop 2.2</b> Genetic regulation of lipid metabolism, diabetes and atherosclerosis	<b>Workshop 1.3</b> Microvessels and angiogenesis in atherosclerosis
	<i>Lunch Break, Exhibition and Poster Viewing</i>					
12:30-15:00	13:00– 14:00 Moderated Poster Session C  14:00-15:00 Moderated Poster Session D	12:30-15:00 Poster Viewing		13:00 – 14:30 Educational Symposium Supported Session Not included in the CME/CPD programme	13:00 – 14:30 Educational Symposium Supported Session Not included in the CME/CPD programme	13:00 – 14:30 Educational Symposium Supported Session Not included in the CME/CPD programme
15:00-16:30			<b>Workshop 2.3</b> FH and severe hyperlipidemias	<b>EAS Initiatives - from Science to Education</b> (open to all)	<b>Workshop</b> Clinical & Late Breaking Session	15:00-15:45 Young Investigator Award Session
16:30-17:00	<i>Coffee Break, Exhibition and Poster Viewing</i>					
17:00-18:30			<b>Free Communication - Clinical Studies</b>	<b>Monocytes, Macrophages and Oxidative Stress</b> Young Investigator Communication 4	<b>Risk Factors and Biomarkers</b> Young Investigator Communication 5	<b>Smooth Muscle Cells and Extracellular Matrix</b> Young Investigator Communication 6

Wednesday, March 25, 2015						
	Hall 5/Exhibition	Hall 2	Michael Davies Hall	Michael Oliver Hall	Hugh Sinclair Hall	Nick Myant Hall
08:30-10:30			<b>Plenary 3</b> Future challenges and opportunities in the prevention and treatment of CVD			
10:30-11:00	<i>Coffee Break, Exhibition and Poster Viewing</i>					
11:00-12:30			<b>11.00-11:45</b> Advanced Clinical Seminar 3 Therapeutic challenges in statin intolerance and secondary dyslipidemia	<b>Workshop 3.4</b> Lp(a) and novel lipid targets	<b>Workshop 1.4</b> Mitochondrial dysfunction, oxidative stress and inflammation in vascular disease	<b>Workshop 2.4</b> New insights into HDL function
			<b>11:45-12:30</b> Advanced Clinical Seminar 4 New metrics and modelling for CVD risk prediction
